## The Heart of the Greater Boston Vineyard

We believe that Small Groups are at the very heart of what we do as a church. They are the foremost place in which relationships are built and in which people connect with God through activities such as prayer, singing, and discussions around the previous Sunday's message, the Bible, or other books. Small groups also work together to reach their neighborhoods and to meet needs within our church. People often find that they discover some of their passions and abilities in the midst of meeting with and working with their small groups.

We've found that in general, the people who gain the most fulfilling and rewarding benefits from their experience in our church do so through their involvement in a Small Group.

## Join the Small Group that's right for YOU!

Small Groups meet throughout the week at various locations in various types. We encourage you to "shop around" and find a Small Group that will both support and challenge you. Feel free to contact any group's leader for more information and directions.
